USED KEROSENE ON FIRE.

Problem Golden Glow Monita Apprentice allowance,

Annie Sexton, forty-eight years old, No. 182 Bleecker street, was severe burned to-day about the legs and arm While lighting a fire, unable to make while lighting a life, unable to make it burn, she poured kerosene upon it and in an instant the flash that followed had enveloped her and set her clothing on fire. She was taken to St. Vincent's Hospital.

'NO CONNECTION WITH ANY OTHER STORE THE BIG STORE

NEW YORK.

On Rainy Days and Other Days The new, perfected, Shopping-by-Telephone system of The Big Store is not only for your convenience on rainy days; it is to enable you to stay at home and buy things on any day when a need arises suddenly and you haven't time or strength or inclination

to go a-shopping. Of course we don't expect to have the telephone take the place of personal visits here. Usually you will prefer to come and make your selections, and, of course, we prefer to have you do so, when you can. But when you can't come you needn't-

JUST CALL 4000 CHELSEA.

You will get our main switchboard first, and on telling the operator what you want she will connect you with a specially trained salesperson at the very counter where the goods wanted are sold. You can talk with that salesperson just as you would talk to her across the counter.

The goods will be sent C. O. D to your address (unless you have a charge account with us), and you can examine and, if satisfactory, pay the messenger

for them. In cases of emergency (and on special understanding only) we will deliver INSTANTLY by special messenger, but our regular schedule of deliveries will generally be found prompt enough.

And, by the way, when you are next in the store, come up on the third floor, 19th Street side, and watch the nine expert operators handle forty to fifty calls a minute on the big switchboard. It's interesting.
